# Thokozani Royals

With every new development, challenges are always near. As I find my feet around the weekly interaction through this newsletter, I am grateful to have you by side.

## FORWARD WE GO

*The definite guarantee to failure is never trying. When you try, know that you will fall, and fall again, to get up only to fall again. Nobody said it was going to be easy, but again easy come, easy go.*

*I am grateful for the challenges faced daily. It is only through them that we grow to our full potential.*

*Healing is no magic trick, it's a process, a never-ending process.*

*Welcome Badimo Child*

Learning and growing together

FINALLY!  
I've been waiting

Not for me

# Alignment

**Remember, badimo child , this journey is for those who are ready to embark on it. If this resonates with your soul, I am humbled and grateful to have you by my side.**

**If not, don't worry! The time will come when the environment will be conducive for you, and your journey will begin.**

**Trust the process.**
